Preface

University Dental College, a project of Dental & Medical Community Services and Research Foundation, is a prestigious institution for dental education and health services in Bangladesh. Since commencement in 1995, the institution has been managed and run by highly qualified and skilled faculty members who take imparting of knowledge and skills more as a mission than a profession. The high standard of teaching has already attracted many students to this institution and the management takes special care to ensure that the highest quality is maintained at any cost. The authority always strives to upgrade the teaching methods employed. The year round presence of visiting and honorary faculty members amply exemplifies the efforts. The courses offered by the College are compatible with those offered by international institutions.

Founder Trustees of DMCR Foundation (Dental & Medical Community Services & Resarch Foundation)

Late Mr. Mirza Ali Behrouze Ispahani

Late Dr. Mirza Ali Haider

Late Dr. Musharaf Uddin Hassan

Prof. Dr. Abdul Malek Bhuiyan

Dr. Md. Wahiduzzaman

Prof. Dr. M. A. Mannan

Dr. Iftekhar Uddin Ahamed

Prof. Dr. Sultana Gul Nahar

Prof. Dr. Syed Mozammel Hossain

The day to day affairs of the institution are closely monitored by the Director and Governing Body members. The authorities keep themselves informed of the needs of the students and take immediate measures to attend to any requirements.

University Dental College promises high education standards in a friendly and welcoming environment. The institution molds the students to not only become efficient dental professionals, but to also be quality human beings.

University Dental College & Hospital

CHAIRMAN University Dental College

The University Dental College is one of the first dental colleges in Bangladesh and it is my privilege to be the Chairman of the Governing Body as well as the Founding Trustee of DMCR Foundation, of which University Dental College is a project of.

Since commencement in 1995, the institution has been managed and run by highly qualified and accomplished faculty members who take imparting knowledge and skills more as a mission than a profession. I would like to acknowledge the contribution of all the past and present faculty members of this institution whose dedication and tireless efforts brought this institution to a state of glory and envy.

The past quarter of a century has witnessed thousands of skilled dental surgeons graduating from UDC, who were not only Bangladeshi but from various corners of the globe. We are honored that they are successfully offering their services all over the country as well as abroad with great pride.

I take great pride in being a part of this team and a part of this reputed institution and fondly look forward to a even brighter future.

Dr. Md. Wahiduzzaman
Chairman

PRINCIPAL University Dental College

In the Name of Almighty Allah

The most beneficent and the most merciful

It is a great pleasure for me to address the 29th batch of University Dental College. The University Dental College started its journey in 1995 since then it became one of the leading non-government dental colleges in Bangladesh.

Since its establishment this esteemed institution was under the guidance of nationally and internationally recognized academicians of Bangladesh. Experienced, skilled and highly dedicated faculty members is the key strength of this institution.

More than thousand doctors have been graduated from this institution established in the society. Many more students are in the final phase to pass out of the college in near future. Insha Allah each of them shall be graduate Dental Surgeon and many more.

Among the graduates, a significant number of graduates have completed post graduate course from home and abroad and they are serving in their respective area of jobs in Bangladesh and abroad.

University Dental College have a great role to build up Bangladesh in the health sector especially Oral and Dental health.

I wish bright future of University Dental College and my dear Bangladesh.

Prof. Dr. Md. Abdul Kadir

Principal
University Dental College.

Name of the Institution

University Dental College

Year of Establishment: 1995

Approved by

Ministry of Health & Family Welfare
Bangladesh Medical & Dental Council (BM&DC)

Affiliated with

Dhaka University, Dhaka, Bangladesh

Medium of Education: English

Courses offered by the College

Bachelor of Dental Surgery (B.D.S.)

Seats for 2023-2024 Session: 100 (One Hundred)

Duration of Course

The duration of BDS Course is five years with professional examination in each year. The course is followed by honorary one year of compulsory in-service training.

Eligibility of Admission:

Students on the Ministry of Health & Family Welfare's national merit list are eligible to apply. Reserved seats are available for candidates qualifying for the poor, meritorious and Freedom Fighter quota.

Teaching Staff

The teaching is managed by two sets of qualified and experienced teachers.

- Permanent teaching staff & Faculty members.
- Honorary Professors/guest teachers.

**Teaching method:**

Teaching is imparted through lectures in the Air Condition Lecture Hall, demonstrations, tutorials, wards, clinics and practical classes. Teaching aides such as multimedia overhead projectors, slide projectors, video tapes are used. Students are also taken to outdoor Dental and Medical camps for better clinical and practical knowledge.

Why Choose UDC ?

- UDC is conveniently located at the heart of Dhaka city with our own campus.
- A highly experienced teaching faculty, holding the highest degree in their field of study, closely mentors students leading to placements on the national merit list.

- Our rich and diverse curriculum attracts international students from Nepal, Bhutan, UAE, Iran and India among others.
- Since establishment in 1995, 1158 students have graduated with a B.D.S degree from this institution and have succeeded in the dental profession both at home and abroad.

- Every year a noteworthy number of graduates take the BCS exam to join the government's Health department as surgeons thus proving their high qualification.
- Over 200 graduates are currently studying for the MS and FCPS courses offered by BSMMU and BCPS.

- A degree from UDC has helped numerous graduates earn scholarships for further study in USA, England, Korea and Japan.
- Library has a rich collection of local and international books, journals and e-books.
- All classrooms are equipped with projectors and digital sound systems.
- Classrooms, auditorium and library are air conditioned.
- UDC's 6 modern labs are use closely to mentor students.

- For practical of general surgery and medicine, UDC is equipped with a general hospital, modern operation theatre, post-operative ward, cabins and a general ward.
- Students from each year are supported by our student counselor. The counselor provides advice for students' academics and communicates with guardians on such matters.
- UDC utilizes Small Group Teaching Method.
- Dedicated hostels for boys and girls are available for students living outside Dhaka.
- Students can avail the convenience of learning and practicing at one of the country's largest private outpatient wards.
- The girls' hostel is located inside the campus.
- For proper physical and mental development of students, UDC organizes yearly cultural weeks, indoor games, debate competition, picnics and educational excursions.

Campus Location

UDC's central location in Dhaka allows quick and easy access to all parts of the city. The new flyover and connection to Hatirjheel allow for rapid commuting to and from campus.
